Our mission is to encourage and equip public school students in Horry County by teaching the truth found in God's Word. **Released Time Bible Education** is the only legal means by which Christian education is allowed during the public school day for 3 reasons: students must have parent permission; classes are held off campus; and no government funds are used to support released time Bible classes. As a 501(c)3 non-profit, interdenominational organization and we are supported by generous donations from individuals, churches, and businesses. No government funds are used.
